

Classroom Management Tips

- **Have a management plan.**
- **Know and use your students' names.**
- **Move around the room constantly.**
- **Use short command statements.**
- **Separate and relocate potential problems.**
- **Offer positive correction rather than negative attention.**
- **Use an authoritative voice.**
- **Keep your students occupied from bell to bell.**
- **Provide a comfortable learning environment.**
- **Treat students respectfully.**

Remember, we have the power of position. We need the power of function. (The MASTER Teacher, Inc.)
